INFORMATION ABOUT COMPASS PLUS TECHNOLOGIES' USE OF COOKIES

A cookie is a small file of text (letters and numbers) that are downloaded and stored on your browser or the hard drive of your computer and/or mobile device if you agree. They are widely used to help websites work, or work more efficiently as well as provide information to the website owners.

Our cookies do not store sensitive or personal information, such as your name, address or card details.

We do use analytical and performance cookies that allows us to recognise and count the number of visitors to our website and to see how visitors move around our website when they are using it (further details below). This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

Here is a list of the cookies we use, and what they are used for:

All cookies, except for pview and _zitek (each stored for one year), PHPSESSID (stored for one month) and gid (stored for 24 hours) cookies, will expire after the browser window/session is ended.

RESTRICTING, BLOCKING, CLEARING AND OPTING OUT OF COOKIES

If you would like to restrict the level of cookies that you store, you can use your browser to do this. However, you should be aware that doing so may impair our website and its functionality.

Further, you can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies you will see a warning message.

If you wish to clear cookies that have previously been placed on your browser, select the option to clear your browsing history and check that the option to delete or clear cookies has been selected. Note that clearing all cookies from your browser will also delete any cookies that are storing your preferences, for example, where you have already accepted cookies on a website.

Finally, you can opt out of any cookies in your browser settings.
